<i>Foreword</i>	xi
<i>Introduction: The Importance of Creativity, Innovation, and Technology</i>	
Integration in the Early Years	xiii
<i>Innovation and Learning Skills</i>	xv
<i>Defining Terms</i>	xvi
<i>Features of This Book</i>	xvii
<i>Suggestions for Using This Book</i>	xix
Chapter 1: Incorporating Creativity, Innovation, and Technology	
Integration in the Early Years	1
<i>Chapter Overview</i>	2
<i>Student as Digital Citizen and Innovative Designer</i>	2
<i>Innovative, Who Me?</i>	4
<i>Possibility Thinking</i>	6
<i>Inside the Box: Systematic Inventive Thinking</i>	7
<i>Thinking Outside the Box</i>	12
<i>Using Technology Purposefully</i>	15
<i>Collaboration to Support Creativity and Innovation</i>	19
<i>Projects to Nurture Young Innovators</i>	25
<i>Reflection Questions</i>	26
Chapter 2: Building a Community for	
Risk-Taking and Innovation	29
<i>Chapter Overview</i>	29
<i>Student as Innovative Designer</i>	30
<i>Teachers as Risk Takers</i>	31

<i>Supporting Teachers in Taking Risks</i>	33
<i>Creating Trauma-Sensitive Environments that Support Healthy Risks</i> ..	35
<i>Community Building to Support Risk-Taking</i>	38
<i>Techniques for Supporting Risk-Taking in the Classroom and Beyond</i>	41
<i>Projects for Building Community to Support Risk-Taking</i>	45
<i>Reflection Questions</i>	48
Chapter 3: Collaborating with Families on Student Learning	49
<i>Chapter Overview</i>	50
<i>Student as Knowledge Constructor</i>	50
<i>Connecting Families to In-Class Learning Experiences</i>	51
<i>Supporting Families in Fostering Innovation in Children</i>	56
<i>Supporting Family Technology Access and Use</i>	57
<i>Project to Connect Schools, Families, and the Community</i>	61
<i>Reflection Questions</i>	63
Chapter 4: Encouraging Choice to Improve Student Learning	65
<i>Chapter Overview</i>	65
<i>Student as Creative Communicator</i>	66
<i>Freedom to Choose, Create, and Innovate</i>	66
<i>Let Passion Lead Learning with Genius Hour</i>	71
<i>Play, Choice, and Social Development</i>	73
<i>Helping Young Learners Develop a Growth Mindset</i>	75
<i>Allowing Choice Through Universal Design for Learning</i>	78
<i>Choice Boards</i>	80
<i>Reducing Stress by Allowing Choice</i>	83
<i>Helpful Tools for Assessing Creativity</i>	86
<i>Project to Support Choice and Family Involvement</i>	89
<i>Reflection Questions</i>	92

Chapter 5: Makerspaces and Innovation Labs in the Classroom, Home, and Community 93

Chapter Overview 93

Student as Innovative Designer and Computational Thinker 94

The Maker Movement—Turning Knowledge Into Action 94

Start Small 96

Makerspaces and STEAM 98

Developing Soft Skills in Makerspaces 100

Makerspaces in the Home 101

Integrating Technology and Engineering 103

Projects to Inspire Making, Innovating, and Family and Community Involvement 106

Reflection Questions 111

Chapter 6: Preparing Young Learners Through Community-Based Activities 113

Chapter Overview 113

Student as Global Collaborator 114

Experiential Education 114

Civic Engagement 118

Tools for Experiential Learning Projects 119

Projects to Encourage Community, Family, and School Collaboration . . 125

Reflection Questions 132

Conclusion: Bringing It All Together 133

Appendix A: Resources and Tools for Nurturing Young Innovators 137

Appendix B: References 149
